About Us 

Workart Officeland

Workart Officeland Sdn Bhd is a Malaysian company that specializes in supplying office furniture and interior design solutions. Established in 2007, the company has since become a leading supplier of high-quality office furniture and interior design services in Malaysia.

Workart Officeland Sdn Bhd mission is to provide customers with the best possible solutions for their office needs, whether it be furniture, interior design or space planning. The company prides itself on its commitment to customer satisfaction, quality craftsmanship, and competitive pricing.

The company offers a wide range of office furniture products, including office chairs, desks, storage solutions, workstations, and conference tables. They also offer a variety of interior design services, such as space planning, office layout design, and custom furniture design. Workart Officeland Sdn Bhd works with a range of clients, from small startups to large corporations, and their products and services are suitable for businesses of all sizes.

One of the unique features of Workart Officeland Sdn Bhd is their focus on ergonomic furniture design. They believe that comfortable and ergonomic office furniture is essential for a productive and healthy workplace. To this end, they offer a range of ergonomic office chairs and other products designed to promote good posture and reduce the risk of workplace injuries.

Overall, Workart Officeland Sdn Bhd is a reputable and reliable supplier of office furniture and interior design solutions in Malaysia. With their focus on quality craftsmanship, customer satisfaction, and competitive pricing, they are an excellent choice for businesses looking to create a comfortable, functional, and stylish workspace.

Elevate creativity with our seamless, professional services :

1.

Free Design Consultation

Benefit from our complimentary design consultancy service, where our experts provide expert guidance and insights to help you achieve your design goals without any additional cost. It's a value-added service aimed at enhancing your creative vision and ensuring your satisfaction with the final outcome.

Mood Board & Samples

2.

Explore our exclusive service offering personalized mood boards and physical samples. Tailored to your office needs, this allows you to visualize and test our furniture's quality, ensuring a seamless selection process.

FABRIC COLOUR

MFC COLOUR

FRAME COLOUR

3

Explore exceptional customization versatility with our office furniture solutions, providing flexibility to tailor designs according to your distinctive preferences and functional requirements.

4

Site Marking & Measurement

Experience meticulous site marking and precise measurements, encompassing wiring routes and walkways. This meticulous approach guarantees a flawlessly planned workspace, ensuring accurate utility integration and spatial optimization.

5. Delivery

Our dedicated delivery team, trained for precision, ensures your office furniture arrives promptly, handling logistics with care and professionalism

6. Installation

Experience hassle-free installation with our expert team, ensuring precise assembly of your office furniture for a seamless and functional workspace.

ACE SERIES

ACE series is a modern and stylish line of office furniture, designed to cater to various professional environments including director offices, workstations, and manager setups. Each piece in this series features sleek, durable metal legs crafted in an "A" shape, providing both aesthetic appeal and structural stability.

The modular design allows for flexibility, with each desk featuring the A-shaped legs that provide ample legroom and support. The clean lines and minimalist aesthetic of the workstation foster productivity, making it ideal for open office layouts.

ACE Series is a perfect blend of modern design and practicality, making it an excellent choice for any professional setting. **ACE** Series offer a contemporary touch, while the desk surface provides ample space for multitasking. Additional storage options, such as filing cabinets and shelves, are integrated seamlessly, ensuring that the workspace remains organized and efficient.

PARTITION SYSTEMS

Our Partition Systems offer a perfect blend of privacy, collaboration, and modern design, making them an ideal choice for businesses looking to create efficient, comfortable, and aesthetically pleasing work environments. They come with multiple thickness, from 6mm to 60mm, which provides the flexibility and functionality needed to support a productive workday.

6MM PANEL

Crafted from high-quality, **6mm** thick sandblast glass panel, these panels are not only visually appealing but also durable and safe. The sandblasting process enhances the glass's strength, making it resistant to everyday wear and tear. Additionally, the panels are designed to meet safety standards, ensuring they can be used confidently in busy office settings.

16MM PANEL

The **16mm** Fabric Panel system is an excellent choice for businesses seeking to improve office acoustics, privacy, and design. With its combination of sound-absorbing properties, visual appeal, and durability, this panel system provides a practical and stylish solution for creating a more efficient and comfortable workplace.

18MM PANEL

Constructed with high-quality materials, the **18mm** Partition Panels are built to withstand the demands of busy office environments. The fabric is durable and resistant to wear, ensuring that the panels maintain their appearance and functionality over time. Additionally, the panels are easy to clean and maintain, making them a practical choice for long-term use.

30MM PANEL

30mm partition panels are perfect for creating private workspaces within a larger office layout. The 30mm thickness offers a solid barrier that not only blocks out noise but also provides visual privacy, allowing employees to focus on their tasks without interruptions. Whether used to define individual workstations or to create quiet zones for concentrated work, these partition panels help foster a more productive and comfortable workspace.

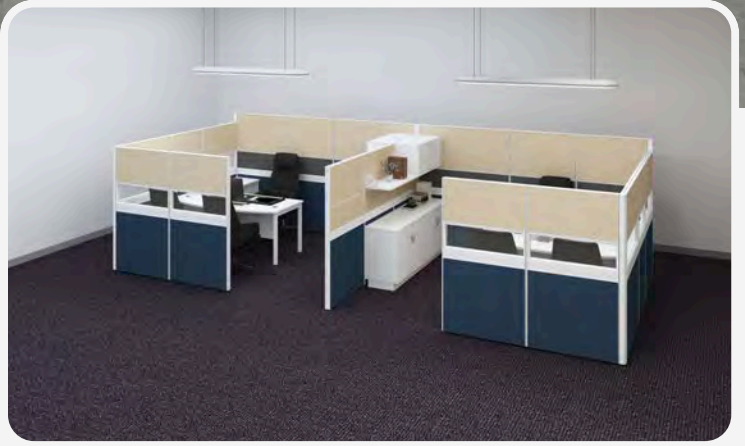

45MM PANEL

45mm Partition System is an innovative and dynamic office solution that blends with glass, polycarbonate, and whiteboard panels to create a versatile and functional workspace. Designed to cater to the diverse needs of modern offices, it offers a unique combination of materials that provide transparency, privacy, functionality, and collaboration opportunities all in one cohesive design.

60MM PANEL

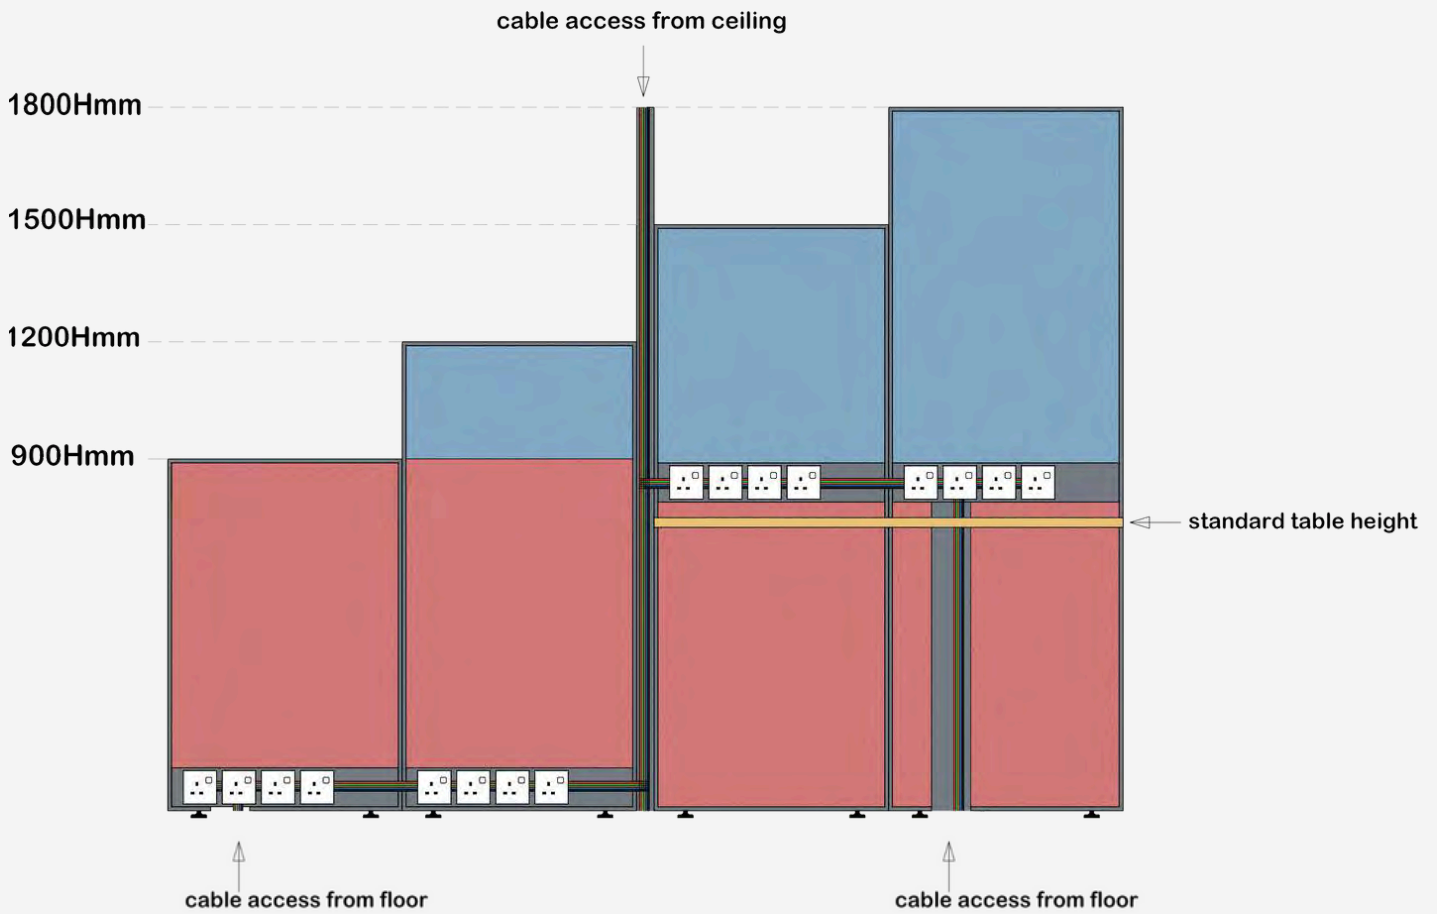

60mm Partition System offers a sleek and modern aesthetic that complements a wide range of interior designs. The mix of transparent, semi-transparent, and opaque surfaces creates visual interest and can be customized to match the overall theme of the office. Whether you prefer a minimalist look or a more dynamic design, the combination of materials allows you to create a unique and attractive workspace.
